

10/27/2011 - WV HEATING & COOLING 218 Central Avenue Beckley

On October 27, 2011, at 8:00 PM, a male subject cut an opening into the fence leading onto the property of West Virginia Heating & Cooling located at 218 Central Avenue. Upon entering the property, the subject removed items from the vehicles, leaving through the fence opening with stolen items in hand at approximately 8:20 PM.

At 10:38 PM the same night, the male subject returned, accompanied by another male subject, entered through the opening that had been cut in the fence earlier that night and removed items from vehicles again, exiting through the fence a short time later with stolen items in hands. Both subject removed items.

Various tools and equipment were stolen from the vehicles. The entire incident was captured on video surveillance cameras and two still shots may be viewed below: Note in the first picture that in the lower middle (beside white van) you can see a face view of one of the subjects, who appears to be wearing light colored pants with a dark colored jacket. In the second picture appears to be the back view of a subject (bottom and slightly to right of middle).
